

Heritage Series™

Mountain Stone® Heritage Series is a full-bed depth building stone that a mason lays in a wall just like brick. The size of each stone is specifically appointed making it possible for the mason to course and bond with ease. Also there is considerably less overall material waste when compared to natural stone, which at times may not course and bond as easily.

Available Colors:

- Aspen
- Charleston Blend
- Providence Blend

Coverage areas are based on 1/2" mortar joints. Random size units make up each pallet.

Unit Sizes: Heritage Series is available in three sizes. Stone comes in three sizes; 6"x6", 6"x12" and 12"x12". The thickness range is 3" to 4".

Packaging: 6x6, 6x9 = 60 SF per pallet 12x12 = 50 SF per pallet

Tech Data:

- Compressive Strength (at 28 days) Meets or exceeds ASTM standard 1800 PSI — typical result 5,500 PSI avg. min.
- Water Absorption (at 28 days) Does not exceed 15.2%
- Fireproof ----Yes: Will not contribute to smoke or flame development
- Colorfastness---- Existing applications show no undesirable change in coloring after years of weathering
